Lanai™ Softpack

Description Lounge and cooler option for the Lanai base.

Specifications 36"L x 96"W x 16"H

The Lanai™ Softpack is a recliner lounge and cooler option for the Lanai™ base. Large single chamber holds a day's worth of chilled beverages and ice at your fingertips. Storage area can also be used to keep towels or clothing dry if one prefers. Convenient zipper pocket in cooler lid provides ample room for personal items like keys and sunscreen. Integrated cupholders keep beverages close at hand. For those who are so inclined, this is no option, but a must-have! Designed for use while towing or at anchor.

Made using a heavy duty 26 gauge PVC, 2-chambered bladder covered in 600d polyester for strength, durability and style. Convenient webbing straps and ladder-lock buckles help attach Softpack to platform in a matter of seconds.

Lanai™ Softpack Features

Rapid Inflate Valve

This unique valve system offers the best possible combination of high air volume and ease of use.

Cupholders

Offers strategically placed beverage holders.

Reflective PVC Material

Designed to reduce heating by the sun. Keeps cooler and cupholders cool.

Cold Storage

Offers a storage compartment for beverages or even dry storage. Perfect for a hot day.

FullWrap Cover

Offers the security and stability of a heavy duty cover wrapping completely around the inflatable for higher performance.

AquaLink Connectors

Stainless steel system offering a wide range of options for Aquaparks, accessories, or mooring.
