

Aquaglide

Revolution™

Description Giant, convertible Platinum™ rocker and slide.

Specifications 16.5'L x 8'W x 6'H

Designed to provide several different challenges, the Revolution™ is both a rocker and a slide. In Slide mode, participants can climb to the peak using one of three different routes - even a vertical ascent! Once on top, the Revolution's generous width allows up to five users at once to enjoy the thrilling slide feature. Simply turn the Revolution™ over for even more exciting action in Rocker mode. A great team-building exercise, rocking the Revolution™ provides hours of fun and endless laughs.

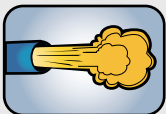

Revolution™ Technical Features

Duratex™

Commercial grade fabric reinforced PVC material.

Ideally suited for watersports, Duratex™ material is the finest, commercial grade fabric reinforced PVC available. Each Aquaglide Platinum item uses Duratex™ material for maximum strength and durability. The Revolution™ incorporates 1000d fabric fused with layers of 28 oz PVC.

HA Weld™

Hot air-welded seams for high quality and outstanding durability.

'HA' or Hot Air Welding is the process used to fuse Duratex™ material seams for years of trouble-free use. HA welding produces clean, strong seams with no unsightly glue marks or splits.

UP Grip™

Incorporates convenient climbing handles.

Convenient climbing handles allow for boarding and/or climbing while staying out of the way for other activities. The Revolution™ includes plenty of climbing handles for easy access.

Interloc™

Heavy duty stainless fittings and convenient Interloc straps for modular use.

Aquaglide Platinum items connect to one another using the Interloc™ system. Soft webbing offers some flexibility, while remaining tough enough for years of service. Only Interloc™ blends the convenience of a cinch with the security of a locking connection.

3 Year

Limited Warranty against any and all manufacturing defects.

Each Aquaglide Platinum™ item offers a warranty covering any and all manufacturing defects for an extended period of time. The Revolution™ includes a 3 year warranty for recreational use, a 1 year warranty for commercial use.

UV Block™ Materials specially treated for high resistance to the sun's damaging rays.

Each Aquaglide Platinum item is treated with UV Block™, the highest grade 3-year UV coating available. While we recommend periodic maintenance with additional UV coatings, there is no substitute for having UV Block™ incorporated into the material right from the start. UV Block™, for years of trouble-free use.

Aquaglide

Revolution™

Revolution™ Technical Features

Climb

Incorporates a climbing feature.

Build eye-hand coordination, and appreciate a true sense of accomplishment on this Platinum™ climbing feature. Feel the rush of adrenaline as you climb!
